WORK EXPERIENCE

Upwork

Freelancer

Nov 2022 - Present

- Freelancing was challenging at first, particularly in convincing clients I was the right choice and meeting their expectations. After working on many projects, I can now confidently say: I can build your dream product—just provide the right resources, and I'll exceed your expectations.

Youtube

Teacher

Feb 2023 - Present

- Helping people benefits both sides. I assist beginners with quality resources, simple explanations, and a clear path from start to finish. In return, I gain experience in communication, simplifying complex problems, and sometimes discovering new things.

EDUCATION

Hsoub Academy

Computer science

Aut 2022

- Foundations.
- Problem solving.
- SQL/MongoDB.
- OOP.
- Linux.
- Algorithms/Data structure.
- Design patterns.
